

July 11-13, 2025

2025 GENERAL CAMPING INFO AND RULES

OVERVIEW

- Sukup INDYCAR Race Weekend
- Camping Rules and Regulations
- Notice about the Dangers of Carbon Monoxide Severe Weather Protocol

EMERGENCIES – WHAT TO DO:

- Seek Help: Get the attention and assistance of a Sukup INDYCAR Race Weekend or Public Official. Event Security stations overnight staff at the Check-In booth and in roaming vehicles across the property.
- Call 911: Inform the operator of your location and site number. Use landmarks for assistance. Sukup INDYCAR Race Weekend provides 24-hour security and emergency medical service coverage with on-call law enforcement officers, paramedics, and emergency medical technicians station on-property.

SERVICES:

- Tank Service: Most camp sites at Sukup INDYCAR Race Weekend are not outfitted with sewers, but for your convenience, Onsite Reliable is authorized to service your tanks at a reasonable rate of \$40 per service.
- Scheduling: Onsite Reliable will be available in the early evening for service in the campground. Please wave them down or call/text 682-220-3044 to schedule.

SHOWERS:

Showers are available at:

- Love's Travel Stop. 4400 S 22nd Ave E, Newton, IA 50208.
- Casey's Gas Station: 4400 Iowa Speedway Dr., Newton, IA 50208
- A shower trailer will be located next to the check-in trailer in the general campground.

ARRIVAL:

Guests may start arriving and parking on Thursday, July 10 at 12 p.m. CT.

DEPARTURE:

- Motorcoaches/RVs are restricted from departing the camping areas until 90 minutes after the green flag on Sunday, July 13.
- Passenger vehicles may exit immediately.
- Iowa State Patrol and local Law Enforcement will control the release of all campers and large vehicles following the conclusion of the day's final event.
- All campers must depart Iowa Speedway on Monday, July 14 by 12 p.m. CT.

3:00PM Gates Close

VENUE MAP:

GENERAL CAMPING REGULATIONS:

CAMPING HOURS:

Gates open Thursday, July 10 at 12 p.m. CT and close Monday July 14 at 12 p.m. CT. A "good neighbor" quiet policy will be in effect beginning at 12 a.m. (Midnight Central Time) each evening. Admittance and set-up are restricted when gates are closed.

CHECK-IN:

To enter the General Camping area, use exit 168 off I-80 to Iowa Speedway Drive and follow signs to General Camping, located off Iowa Speedway Drive. Please check in with camping staff at Iowa Speedway trailer, located in the camping lot.

CAMPING RULES:

Tent Camping:

- No tents are allowed in General RV Camping area.
- Tent spaces are assigned, and we ask that you set up in your assigned location. Once parked, please make sure you post your post number with your site.
- Commercial vehicles will park within your dedicated camping footprint.
- No generators, of any kind, are allowed in tent camping.

CAMPING AREA REGULATIONS:

- Camping site does not come with grandstand tickets.
- Each site will receive one (1) site number placard for the camping unit and one (1) hang tag for the tow vehicle or companion vehicle.
- Weapons of any kind, drones, remote control helicopters, planes or other remote-controlled devices, fireworks, sky lanterns, missile-like objects or projectiles of any kind, explosives and illegal substances are all prohibited. Anyone caught using these items will have them confiscated, and a citation may be issued by city or county law enforcement.
- Charcoal fires are permitted only in standard outdoor cooking grills.
- Pets are not allowed in camping areas. Only service animals will be allowed on property.
- Please place your trash in one of our Midwest Sanitation receptacles, which can be found throughout the Campgrounds. Trash pick-up services will begin each morning at 8 a.m. CT, weather permitting.
- During an emergency, please call 911 immediately; please identify yourself and your campsite location by Section and Site number. Event Officials will be monitoring emergency channels and will be able to assist emergency personnel in the location of the incident inside the campgrounds. Event Officials also have medical and fire team staffed twenty-four (24) hours a day during race weekends. They may be the first to respond to the incident.

SAFETY MESSAGE:

In our efforts towards providing a safe environment for our customers, Sukup INDYCAR Race Weekend and NCOAA are working towards awareness regarding the risks of carbon monoxide (CO) poisoning. CO poisoning can occur when using portable generators, vehicles and other combustible equipment.

WHAT IS CARBON MONOXIDE (CO)?

- CO is colorless, odorless and tasteless.
- CO is produced from the burning of fuel sources.
- CO poisoning occurs when you breathe fumes from those fuel sources.
- CO poisoning is a leading cause of injuries and deaths each year.
- CO is only detectable with an electronic sensor.
- CO can result in loss of consciousness, long term health effects or death.

IMPORTANT FACTS ABOUT CO POISONING

- CO poisoning is often mistaken for a cold, flu or hangover so be suspicious if these conditions occur suddenly.
- CO poisoning symptoms worsen with the consumption of alcohol or drugs.
- CO exposure is more dangerous for the elderly, smokers, children, pregnant mothers and those with underlying health issues.

SOURCES OF CO AND HOW TO BE SAFE AROUND THEM

- Portable and RV generators, motorhomes, cars, trucks, campfires, grills, stoves and portable heaters.
- For your family and neighbor's health and safety, please be mindful to use equipment safely.
- Maintain a minimum distance of 6' (feet) from all CO Sources.
- Ensure that all CO sources are properly vented, so CO fumes do not enter yours or your neighbor's RV/campsite.
- Only use CO generating equipment outside, never in a tent, camper, vehicle or inside your home.
- Consider the wind direction while using CO generating sources.
- We recommend that you have a properly functioning CO detector in or near the areas where sleeping may occur.

WHAT SHOULD YOU DO IF YOU SUSPECT CO POISONING?

- Leave the area immediately and seek fresh air.
- Call 911, security, or campground office.
- Seek medical attention immediately.

TYPICAL RACETRACK CAMP SITE

MAINTAIN A MINIMUM DISTANCE OF 6' (FEET) FROM ALL CARBON MONOXIDE SOURCES

CO detectors are available for purchase at most local home improvement stores

SEVERE WEATHER PREP & COMMUNICATIONS:

- KNOW YOUR PLAN!
- STAY ALERT. BE PROACTIVE.
- STAY ALERT: Monitor the weather closely and take the necessary precautions to ensure your safety. Iowa Speedway may not provide adequate protection from extremely high winds, lighting, hail, or tornadoes. There is no basement or approved tornado shelter on property.
- SECURE LOOSE ITEMS: If you are tailgating or camping, please secure loose items including tents, grills, coolers, flags, and awnings. Seek shelter if conditions worsen.
- LIGHTING: Lighting can strike as far as 10 to 15 miles from the area where it is raining. That's about the distance you can hear thunder. The National Weather Service indicates if you can hear thunder, you are within striking distance, and it recommends seeking shelter immediately.
- SHELTER: Though no place is absolutely safe from severe weather, if you are caught outside, the safest location is a large, enclosed building. Iowa Speedway has limited enclosed buildings, and if any guests are unable to seek shelter in an enclosed structure, the National Weather Service recommends seeking shelter in an enclosed metal vehicle. The National Weather Service also recommends staying away from tall, isolated objects.

STAY UPDATED WITH COMMUNICATION & RADIO CHANNELS:

- Sukup INDYCAR Race Weekend Officials and Staff will be closely monitoring the weather at all hours throughout the event weekend. Guests are encouraged to stay alert and informed by tuning-in and/or utilizing the communication channels outlined below.
 - Iowa Speedway Public Address System
 - Whelen Mass Notification System
